

### **7.3.1 Institutional Distinctiveness**

Diversity and the spirit of inclusion is the most distinctive feature of the college. With its largely inclusive and pluralistic culture, the college remains the most favored academic destination of students from diverse ethnic communities residing in far-flung areas of the North East. Over the years, it has earned the proud distinction of mini North East with its ethnically heterogeneous campus population. The college leaves no stone unturned in ensuring them a welcoming and discrimination-free atmosphere for the full realization of their inherent potential. All efforts are made to assimilate them into the dominant culture so that they do not feel isolated. College events like *Ethnic Fest*, *Earn While You Learn*, College Week provide them the ideal platform to showcase their rich culture and tradition. The College Magazine also features contributions from such students in their native language. To remove linguistic barriers, special functional courses on spoken Assamese are organized for the non-native speakers. During mentoring sessions, such students are encouraged to open up about their problems-academic or otherwise. The diverse learning environment of the college helps in removing prejudices, stereotypes, developing coping and survival skills of the students. A culturally competent staff attends to their diverse needs.
