### **9. Field trip for knowledge on plant diversity:**

During the field trip to Meghalaya on 15/12/2021 and 16/12/2021, the students also visited Botanical Survey of India, Ministry of Environment, Forests & Climate Change, Study of plant diversity and ecosystem. The trip was participated by 36 students along with two faculty members Dr. Deepanwita Deka and Mr. Somir Warisa. The participants learnt about diversity of plants, herbarium and also about different instruments. The trip was collaborated with BSI, Shillong to enhance the practical knowledge of our students on plant diversity, ecology and horticulture.
