Online Education

1. Does all programs/courses were completed on time.	Yes
2. Measures taken to complete the syllabus of courses and programs.	S.B. Deorah College has taken various measures to complete the syllabus effectively, efficiently and on time. 1.Post pandemic, course completion was ensured using a blended mode of teaching with class lectures in traditional classroom setting as well as using ICT tools and online mode of teaching. A total of 7 traditional classrooms have been converted into smart classrooms with digitally equipped tools. Various ICT enabled tools are used for effective teaching learning process and class explanations are done using PPT which have helped in completing the course faster and in a more effective manner. To be at par with the fast-changing digitalised world, S.B. Deorah College has been using Internet facility extensively with its ILL in teaching learning. The e-resource facilities in the library have also helped in completing the syllabus effectively. The Digital library section which contains old question papers has also helped the students in effective learning. 2.In order to complete the syllabus on time due to Gauhati University's session adjustment which led to a shortened time period for the odd semesters, online classes were also conducted across various platforms such as Zoom, Google Meet, Google Classroom, WhatsApp, WebEx among others. 3.The faculty members also recommended taking help from their recorded videos on specific topics related to the syllabus, uploaded in the college portal www.sbdeorahonline.in as well as in www.youtube.com for the convenience of the students along with audio recordings. They also prepared other study materials related to their syllabus which they uploaded in the college portal for unhindered access by the students. 4.Assignment topics on specific topics of the syllabus were given to the students after it was covered in class explanations which the students had to submit within a stipulated time period. Students were also asked to solve questions of previous years' question papers given by the teachers to clear doubts on the topics already explained in class. 5.Remedial classes were held for those students who had difficulty understanding in the classes. In the remedial classes the students could clear any doubts on topics already covered in the class. 6.Online feedback was taken from the students using Google Forms on various aspects with the intention of improving the overall teaching-learning process. 7.Mentoring classes were conducted for the students where they were counselled as well as encouraged to be more proactive. The students came forward to share their problems within the campus, without any inhibition. 8.Parent-teacher meet was held to discuss on the student's progress as well as the areas which needed more improvement and involvement. Hence, the syllabus was completed both in the online mode as well as in the conventional classroom setting consisting of black and white boards along with special classes which were taken in the digital classrooms consisting of interactive Smart Screens which acts as a blackboard cum audio-visual player, for efficiency and better understanding of the students. The evidence of success was noticed in the improvement of the examination marks of the students.
3. The period of delay in completion of syllabus (in months).	0
4. The period of delay in conducting exams (in months).	0

Portal Name	No. of students offered online courses which have credit transferred to transcript	Total no. of online courses which have credit transferred to the transcript	Total no. of credits transferred to transcript
