Digital interactive panel

This is a smart replacement of the traditional blackboard. Teachers can use a stylus or finger to write and erase in the board and save it for later use as well. It has USB and HDMI port to connect with a pen drive and a laptop to display pdf, ppt or a video file. At the time the college has 14 such digital panels.

Pen-tab

A pen tablet is a computer input device that enables a user to hand-draw images, animations and graphics, with a special pen-like stylus, similar to the way a person draws images with a pencil and paper.

Notability

It is a note-taking application for iOS and macOS. The application allows note-taking and the annotation of PDF files.

The image shows two screenshots. The left screenshot is the Notability app's promotional page, featuring the text 'Unleash your ideas, your way' and 'Notes are just the beginning. Create and annotate anything, from study guides to storyboards.' Below this is a 'Try for free' button and a preview of a handwritten note with diagrams. The right screenshot is an Apple receipt for the Notability app, dated June 19, 2021. The receipt lists the Apple ID as nabajitray@gmail.com and the app price as ₹ 799. The receipt also shows the subtotal as ₹ 677 and the total as ₹ 799, including an 18% IGST charge.

The image shows a screenshot of a handwritten note in the Notability app. The note is titled 'Kepler's 2nd Law' and contains the following text: 'Equal areas are swept out in equal times by the line from the Sun to a planet. Let the area swept be A. Initial position = r_0 . Initial Velocity = v_0 '.
