Issue of Deviation in DVV recommended input in metric 3.4.3

Number of extension and outreach programs conducted by the institution through organized forums including NSS/NCC with involvement of community during the last five years.

The HEI has observed deviations in the recommended input for number of extension and outreach programs by the assessing authority. It is the earnest request of HEI to the assessing authority to reconsider evaluation of the recommended input in light of clarification prepared by the HEI of the anticipated discrepancies.

The *Standard Operating Procedure (SOP) for Data Validation and Verification of Affiliated Colleges Manual* for Metric 3.2.2 on page 16, clearly mentions that outreach programmes conducted by the institution through organized forums such as NSS/NCC/Red cross/YRC etc. should include programmes such as Swachh Bharat, AIDS Awareness, Gender Issues and/or those organized in collaboration with industry, community, and NGOs. The HEI organized various extension and outreach programmes outside the college during the last five years which included some awareness programmes as well. Those awareness programmes should not be considered as generic activity but as targeted, non-generic programmes affecting the intended community. ***Hence, the HEI urges the assessing authority to consider the activities conducted during the assessment period.***

The relevant links to the extension and outreach programmes conducted during the assessment period are provided below:
