Issue of Deviation in DVV recommended input in metric 3.5.1

Number of functional MoUs/linkages with institutions/ industries in India and abroad for internship, on-the-job training, project work, student / faculty exchange and collaborative research during the last five years.

As mentioned in the metric deviations for 3.5.1, the documents indicating the MoU/Linkages/Collaborations were not provided due to which the recommended input has been allotted as nil.

The HEI would like to draw the kind attention of the assessment authority to the fact that there were three provisions for uploading files while submitting the SSR. We uploaded three concerned files and by mistake the file containing the copies of the MoUs was not uploaded. However, we provided the detailed list of MoUs with start and end date and the details of the participating HEI in the first and second uploaded files. Further, the omission might have occurred as (a) there was no specific provision for uploading the signed MoUs by the HEI with the other institutions while submitting the SSR and (b) *the DVV query was related only to activities conducted under the signed MoUs and we were not asked to upload the MoUs*. It is obvious that activities were conducted under the aegis of the signed MoUs which the assessing authority should kindly incorporate. The HEI would humbly request the assessment authority to take cognizance of this omission and incorporate the signed MoUs while considering the recommended input. The scanned copy of signed MoUs is attached here in the link below.
